 The dinosaurs go marching one by one, hurrah, hurrah

     Up and down, up and down.

The dinosaurs go marching two by two, hurrah, hurrah  
 The dinosaurs go marching two by two, hurrah, hurrah

Up and down, up and down.

The dinosaurs go marching nine by nine, hurrah, hurrah

## Resources

Link to rhyme on line <http://www.youtube.com/watch?v=xozQnsGkHJ4>

You may decide to use visual aids to support this rhyme. You could make dinosaur finger puppets, or dinosaurs on sticks to support the children to be involved. These can all be made by the children or you may choose to make dinosaur masks for the children so they are then able to act out the rhyme themselves.

You may choose to use small world dinosaur toys to help children to be able to act this out on their own or to aid with their counting. Setting up a rhyme sack will enable children to access this at any time.

## Extension opportunities

If you do not have any resources you can simply help children to count with their fingers and this will help them to count upwards and understand that each verse has one extra dinosaur marching. Asking the children at the end of each verse how many there will be marching next time will help to develop their problem solving skills as well as their number recognition and addition skills.

## Home learning ideas

Children will enjoy singing this rhyme at home. Remember to provide the words so parents and other family members can join in.
